

CODE BLUE

FOR IMMEDIATE RELEASE

Rob Paugh, national and international speaker on the topic of today's teen entertainment, is coming to your area on _____, at _____am/pm. The event will take place at _____, located at _____.

Rob presents a multi-media seminar exposing the sex, drug/alcohol, violence and suicide epidemics facing today's teens. Rob believes that today's teen entertainment industry is fueling these epidemics. His presentation will examine each of these epidemics and detail how today's movies, music, television, video games and the Internet are having a devastating affect on this generation. He will communicate using humor, hard-hitting facts and the very same media that is mesmerizing a generation.

Rob is concerned about the messages sent by much of today's teen entertainment, including DMX rapping about having sex with a corpse, Fifty Cent glamorizing oral sex, movies like American Pie , Wedding Crashers and Deuce Bigalow, European Gigolo promoting recreational sex, American Wedding promoting cross-generational sex and video games like Grand Theft Auto San Andreas that allows players to direct characters in pornographic sex. With teens holding this entertainment in high esteem, Code Blue thinks it's very relevant for parents, teens, and adults to examine what they are preaching to our teens, both in lyrics, as well as lifestyle.

Whether it's educating parents on the entertainment their teens are involved in, doing radio interviews, performing assemblies at junior high and high schools across the country, or getting face to face with teens and youth groups nationwide, you'll get a very fair and up-to-date presentation on what's happening in the entertainment industry. Rob has his fingers on the pulse of today's teens, and although controversial, Rob will make sense of the topic as he showers the listener with facts, statistics, video clips, shocking quotes and song lyrics from the artists themselves.

Rob Resides in Grove City, Ohio where he works with hundreds of teenagers every week.

Don't miss this edgy and hard-hitting seminar on teen entertainment that is sure to open your eyes and ears and heart to the truth. For more information on **Code Blue** or **Rob Paugh** check out the following websites at www.codeblueyouthtalks.com or www.robpaugh.com.
